### CIANT SPIDERS.

Their Webs of the Strength of Sewing

A short distance from Buena Vista is a cave inhabited by spiders which are different from other spiders which are different from other spiders by their enormous size, and quite useful to the needy people of that vicinity. The cave was discovered last December by a party of sight-seekers, and the spiders and their work witnessed. On entering the cave one is first struck by the formy looking was that meet

nes woven by ordinary spiders.
On passing on further into the cave the spiders are encountered. They are about the size of a small bird and make a strange sound while weaving their web. Their webs are so tough and the fibers so large that it is al-

most impossible to break down a web. Some four weeks ago while looking at the cave, a miner got to examining the webs. Their strands were about the size of No. 12 thread and he thought they could be used for thread. Having a needle in his possession he broke off one of the strands and found that it just fit. Sewing on a loose button to test the efficacy he found it was as strong as silk thread, and it answered his every purpose. Since then the people have flocked in and carried away hosts of the webs, but the spiders do not appear to object in the least. There is some talk among capitalists of starting a thread factor there and using the webs for thread

A Philadelphia manager hit upon the device of introducing a live lion into a play, as a means of reviving the waning fortunes of his house. A big and ferocious beast was borrowed from a menagerie. His appearance in a wild scene, apparently loose, though he was really confined by ropes around his legs, was a great hit. But he spoiled the rest of the play by roar-ing in his cage, at the back of the stage; he crushed and killed the venturesome pet dog of the leading ac-tress, and finally, he scared all the performers out of the theatre by breaking a bar of his cage in an effort to

The will of Mr. Alfred Gilbey, wine merchant of London, was lately proved at \$1,750,000 personal estate. Mr. Gilbey owed his success to honesty and advertising. On one occasion a wealthy Boronet resolved to have some cheap but excellent sherry sold him by Gilbey analyzed, intending if it was impure, to publish the fact. It proved absolutely pure, and the letter he wrote to Gilbey about it served as a splendid advertisement. The firm occupy immense premises, formerly the Pantheon Bazaar, in Oxford St., London.

Humboldt Strong For Blaine

The primaries held by the Republicans last Saturday for the election of delegates to the State Convention, says the Silver State, resulted, as far as heard from, in the election of the Blaine ticket. Some forty-six votes were cast here, thirty-five of which were for the Blaine delegates. The Grant men claim that they could have made a better showing had they started into the fight a few days earli-, but those who profess to know the ntiment of the Republicans generally throughout the county, assert that four-fifths of them are for Blaine. ion at Which No Parde Were Granted.

From the Carson Appeal. The Board of Pardons, which con sists of the Governor, the three Su-preme Judges and the Attorney Gene-ral, met yesterday at 11 o'clock A. M.,

and were in session until 3 o'clock in the afternoon. Full Board present. In the case of application for com-mutation of sentence of John Hamilton, action was postponed until next

regular meeting. W. C. Burton, application for pardon withdrawn on account of irregu-larity. Burton was sent from Eureka county for three years, on a convic tion of grand larceny, got one addit-ional year for prison-breaking, and has served about two years and eight

months George R. Hutchinson, the Reno dentist who came to Carson and hacked his wife up with a carving knife, was denied a pardon on a unanimous vote. In the case of George Roth, for murder, action postponed till next

regular meeting.

S. L. Wixom's case, action postponed till next regular meeting. Clarke Cowell, burglary, application

denied by unanimous vote. Wm. McLear, for attempt at rape, and W. C. Chamberlain, for robbery,

both denied pardons. In the case of Ah Chou ("China Joe"), sentenced for murder, applica-tion denied. The prisoner has served fourteen years and has a credit of three years more, which, however,does

not count in a life sentence. In the matter of the application for commutation of the death sentence of Charles Westley Hymer, convicted of murder, the Board denied by a unanimous vote. Hymer killed T. K. West in Paradise Valley, Humboldt county. on May 4th, 1879. He was convicted for markets in the first decree in Charles of murder in the first degree in Octo-ber of the same year, and was senten-ced to be hanged on the 27th of this month, at Winnemucca. The Board having declined to commute Hymer's sentence, he will suffer the death penalty at the date and place above designated. Hymer is about thirty-three

years of age and formerly lived at Day-ton, Lyon county.

G. Hardy and Dennis Toohig were

restored to citizenship, having served out their terms of sentence. It is worthy of mention that the Board of Pardons yesterday didn't grant a single application, something, we believe, which has never before occur-

#### The Cattle Market

Battle Mountain gets her supply of cattle from Reno now. Ohe carload was dispatched to that point on Monday night. No shipments have been made over the mountains since yesterday murning.

Exclusive of Fox's cattle, which will probably all be used to supply his Virginia market, L. W. Lee estimates that there are not 1,000 head in this market for sale.

Strang was to start from Sierra Val ley this morning with agout 100 head to be shipped to Hayes, Carrick & Co. of Oakland. He will either drive to the state of the reads. Ede and Soltaire have each about 40 head in Sierra Valley to be driven to this market for sale.

#### A Reliable Store.

The firm of Manning & Berry whose advertisement appears in the Weekly GAZETTE to-morrow, has an immense establishment. Outside of dry goods and drugs, there is hardly a thing great er small that cannot be found either in one of their large rooms or in the immense basement which underlies both. There is no firm on the coast with a better reputation either in character of goods sold or in point of fair dealing. There is none to whom Reno is more indebted for her commercs with outside districts. Country subscribers should read their card.

The Grand Jusy yesterday found rue bill against J. J. Quinn, indicted for an assault upon S. Beemer with intent to kill. Quinn is under bonds of \$3,000. His bondsmen are A. J. Clarke, Henry Ruhe, L. J. Flint, A. Jose, Thos. Barnett and L. W. Les. Quinn will be arraigned at 10 A. M.
